

## Adult's enrolment pack

For any person aged 16 years or more

## Included in your enrolment pack you will find our:

- 1. Welcome letter
- 2. Health information privacy statement
- 3. Enrolment form
- 4. Proof of eligibility for enrolment
- 5. Current medical status form
- 6. Terms of trade and Patient code of conduct
- 7. Patient portal information

Each person aged 16 years or over must complete the forms listed below and attend Mapua Health Centre in person with the applicable identification to allow our Reception team to complete the enrolment process.

- Enrolment form
- Current medical status form
- Patient code of conduct & Terms of Trade form

We look forward to being able to care for your needs

**Mapua Health Centre** 

## Welcome to Mapua Health Centre

Mapua Health Centre is delighted to have you join our Practice. As your health providers, our aim is to work with you to achieve your best possible health and well-being.

You will be cared for by our team of skilled and experienced staff working in a well-equipped, caring and friendly environment.

To help us ensure we provide a service that meets both your requirements and ours, together with those of the Ministry of Health & Nelson Bays PHO we enclose the following:

- Enrolment form
- Health information privacy statement
- Ministry of Health proof of eligibility requirements
- Current Medical Status form
- Terms of Trade
- Patient code of conduct

### Other details you need to know:

To enrol as a patient at our practice we require a separate enrolment form to be completed for every person. Please note that all patients over the age of 16 years **must** sign their own form.

When you enrol, please let the Receptionist know which Doctor or Nurse Practitioner you would prefer to see when possible. Please refer to our brochure or website for up-to-date information on who is taking new patients.

We will request notes from your previous surgery once the enrolment form has been processed.

A New Patient Consult may be required for patients over the age of 16 years or any child who suffers from complex medical conditions. Once your notes have been received from your previous Practice we will contact you only if you are required to have this New Patient Consult. This process is to ensure that all your medical information is current. If you are required to have a New Patient Consult, firstly you will have an appointment with the nurse who will take base-line observations such as height, weight, blood pressure and blood tests if appropriate. You will then have an appointment with the Doctor to update your medications, medical conditions and other relevant details. These two appointments will take a total of 30 minutes and standard fees will apply.

Our doctors' appointments are scheduled at 15 minute intervals. If you think you will need more time, please ask for a longer appointment. While we make every effort to run to time there are occasions when unexpected emergencies and/or a consultation running over time will cause delays.

If there is anything you are unsure of or if you would like help filling in the forms please do not hesitate to speak with one of our friendly receptionists.

Ngā mihi nui / Kind Regards

Mandy Barrow Practice Manager

### **Health Information Privacy Statement**

I understand the following:

### Access to my health information

I have the right to access (and have corrected) my health information under Rules 6 and 7 of the Health Information Privacy Code 1994.

### Visiting another GP

If I visit another GP who is not my regular doctor I will be asked for permission to share information from the visit with my regular doctor or practice.

If I am under 14 years old or have a High User Health Card, or a Community Services Card, and I visit another GP who is not my regular doctor, he/she can make a claim for a subsidy, and the practice I am enrolled in will be informed of the date of that visit. The name of the practice I visited and the reason(s) for the visit will not be disclosed unless I give my consent.

#### Patient Enrolment Information

The information I have provided on the Practice Enrolment Form will be:

- held by the practice
- used by the Ministry of Health to give me a National Health Index (NHI) number, or update any changes
- sent to the PHO and Ministry of Health to obtain subsidised funding on my behalf
- used to determine eligibility to receive publicly-funded services. Information may be compared with other government agencies but only when permitted under the Privacy Act.

### Health Information

Members of my health team may:

- add to my health record during any services provided to me and use that information to provide appropriate care
- o share relevant health information to other health professionals who are directly involved in my care

### Audit

In the case of financial audits, my health information may be reviewed by an auditor for checking a financial claim made by the practice, but only according to the terms and conditions of section 22G of the Health Act (or any subsequent applicable Act). I may be contacted by the auditor to check that services have been received. If the audit involves checking on health matters, an appropriately qualified health care practitioner will view the health records.

### Health Programmes

Health data relevant to a programme in which I am enrolled (e.g. Breast Screening, Immunisation, Diabetes) may be sent to the PHO or the external health agency managing this programme.

### Other Uses of Health Information

Health information which will not include my name but may include my National Health Index Identifier (NHI) may be used by health agencies such as the District Health Board, Ministry of Health or PHO for the following purposes, as long as it is not used or published in a way that can identify me:

- health service planning and reporting
- o monitoring service quality, and
- o payment.

### Research

My health information may be used for health research, but only if this has been approved by an Ethics Committee and will not be used or published in a way that can identify me.

Except as listed above, I understand that details about my health status or the services I have received will remain confidential within the medical practice unless I give specific consent for this information to be communicated.

### Please turn over for more information

## **Enrolling with General Practice**

General practice provides comprehensive primary, community-based, and continuing patient-centred health care to patients enrolled with them and others who consult. General practice services include the diagnosis, management and treatment of health conditions, continuity of health care throughout the lifespan, health promotion, prevention, screening, and referral to hospital and specialists.

Most general practice providers are affiliated to a PHO. The fund-holding role of PHOs allows an extended range of services to be provided across the collective of providers within a PHO.

At Mapua Health Centre we work as a team and your notes may be accessed by staff who are required to do so for administrative purposes, as well as in the context of a consultation. All our non-clinical staff have signed confidentiality agreements and all our clinical staff are bound by their professional standards to maintain patient confidentiality. Whilst there may be specific circumstances where the Health Information Privacy Code allows for the release information without consent, these situations are carefully reviewed against the requirements of the Code to ensure compliance is appropriately maintained.

### **Enrolling with a Primary Health Organisation**

#### What is a PHO?

Primary Health Organisations are the local structures for delivering and co-ordinating primary health care services. PHOs bring together doctors, nurses and other health professionals (such as Māori health workers, health promoters, dieticians, pharmacists, physiotherapists, mental health workers and midwives) in the community to serve the needs of their enrolled populations.

PHOs receive a set amount of funding from the government to ensure the provision of a range of health services, including visits to the doctor. Funding is based on the people enrolled with the PHO and their characteristics (e.g. age and gender). Funding also pays for services that help people stay healthy and services that reach out to groups in the community who are missing out on health services or who have poor health.

### Benefits of Enrolling

Enrolling is free and voluntary. If you choose not to enrol you can still receive health services from a chosen GP / general practice / provider of First Level primary health care services. Advantages of enrolling are that your visits to the doctor will be cheaper and you will have direct access to a range of services linked to the PHO.

### How do I enrol?

To enrol, you need to complete an Enrolment Form at the general practice of your choice. Parents can enrol children under 16 years of age, but children over 16 years need to sign their own form.

### **Question and Answers**

### What happens if I go to another General Practice?

You can go to another general practice or change to a new general practice at any time. If you are enrolled in a PHO through one general practice and visit another practice as a casual patient you will pay a higher fee for that visit. So if you have more than one general practice you should consider enrolling with the practice you visit most often.

### What happens if the general practice changes to a new PHO?

If the general practice changes to a new PHO the practice will make this information available to you.

### What happens if I am enrolled in a general practice but don't see them very often?

If you have not received services from your general practice in a 3 year period it is likely that the practice will contact you and ask if you wish to remain with the practice. If you are not able to be contacted or do not respond your name will be taken off the Practice and PHO Enrolment Registers. You can re-enrol with the same general practice or another general practice and the affiliated PHO at a later time.

### How do I know if I'm eligible for publicly funded health and disability services?

Talk to the practice staff, call 0800 855 151, or visit <a href="http://www.moh.govt.nz/eligibility">http://www.moh.govt.nz/eligibility</a> and work through the Guide to Eligibility Criteria.

# **Proof of Eligibility for Enrolment**

The Ministry of Health requires us to obtain proof that all patients enrolling at Mapua Health Centre are eligible to enrol. This means that we need to see the following documentation before we are able to enrol you.

Please note that until the appropriate ID has been sighted you will be charged as a non-funded patient.

### New Zealand Citizen:

**New Zealand Passport** 

and

2 supporting forms of ID

eg Driver's licence, credit card, community services card, bank statement, utility bill.

Please note one of these ID's must show the address you are currently living at.

### OR

New Zealand Birth Certificate

and

2 supporting forms of ID of which one must be a photo ID (please see above for details) Please note one of these ID's must show the address you are currently living at.

## Work or Residence Visa Holder for at least 2 years:

Passport with NZ Work/Residence Visa (covering 2+ years)

and

2 supporting forms of ID (please see above for details)

## Australian Citizens (or Permanent Residents) now Resident In NZ:

Australian Passport (or passport with Australian Residence Visa)

and

2 supporting forms of ID (please see above) including evidence that you have been/will be staying in NZ for 2 years

eg A letter from your employer, evidence of house purchase.

## **Patient Code of Conduct**

As the staff of Mapua Health Centre, we agree to meet your needs to the best of our ability, within our resources, and to communicate with you in a respectful way.

We ask that you maintain our code of conduct below:

- 1. I will not display verbally threatening, aggressive or intimidating behaviour toward staff, patients or any other person on Mapua Health Centre property.
- 2. If I am anxious or upset whilst attending, I will ask for help and assistance.
- 3. I will not consume alcohol, drugs, or other intoxicants on Mapua Health Centre property.
- **4.** I will not use language that is offensive or derogatory to any other patient or staff member based on race, sexual orientation or appearance.
- **5.** I will be respectful of the privacy of other attending patients.

Failure to comply with the above may result in your being asked to leave the clinic and further, you may be unenrolled with Mapua Health Centre.

## **Terms of Trade**

- 1. Payment is due at the time of your consultation unless a prior arrangement has been made.
- 2. An administration fee of \$10 will be added to your account if payment is not received within 7 days.
- **3.** Outstanding accounts will be referred to a Debt Collection agency after 90 days. An additional fee and all collection costs will be added at the time of referral. Please note this will create extra costs for you.
- **4.** Bad debtors are required to make pre-payment for all appointments and services requested.
- **5.** Phone consultations are charged at the same rate as face to face appointments.
- 6. We reserve the right to charge for missed appointments. The first missed appointment will incur a fee of 50% and subsequent missed appointments will be charged at a rate of 100% of the applicable consultation fee.
- **7.** Cancellation of an appointment within one hour will incur a 50% fee.

I have read, understood and agree to comply with the Code of Conduct and Terms of Trade of Mapua Health Centre.

## **Patient Portal**

## Well

The team at Mapua Health Centre are pleased to announce that you are now able to access your health information through the internet, for free, by using a patient portal.

### What does a patient portal offer?

Patient portals can allow you to:

- request and pay for your repeat prescriptions.
- book Doctors appointments and pay in advance
- see your lab results
- see notes from your last appointment with a GP
- receive reminders and recalls from the practice team
- see your immunisation and vaccination history
- see your current diagnosis
- see a list of your medical conditions

### Why should I use a patient portal?

A patient portal gives you 24/7 access to your health information. You can order and pay for a repeat prescription, or check a lab result as well as many other health services at a time and place that suits you.

### How do patient portals work?

While Well is best experienced on the app, it can also be accessed online. Use the invite code HEALTH to register and create an account online.

**Register Online** 

https://mapuahealthcentre.centrik.co.nz/portal

Invite code: HEALTH

Please note that your details must match what we hold on file.

## What technology will I need to use a patient portal?

While Well is best experienced in the app, you can use your portal on devices such as laptops, personal computers, tablets and/or cell phones. If you have an email address and access to the internet, you can see your portal anywhere at any time.

## Will I need to be trained to use a patient portal?

Most people find patient portals are intuitive and easy to use.

### Can I use my patient portal in an emergency?

No. You should not use your patient portal to ask your GP or nurse about an emergency or an urgent health issue. If it is an emergency, call 111.

### Will I be able to see all my health information on a patient portal?

Not necessarily. Doctors can choose which services to offer when they introduce a patient portal. Some doctors will show a complete medical record, some will show a summary of health information, and some won't offer this service.

Even if you are not able to see your health information on the patient portal, you have a right to see health information held about you by your GP.

### How safe are patient portals?

Your general practice already has systems in place to make sure your information is kept private and confidential, and the practice's security systems have been reviewed to ensure your health information remains secure.

An audit trail will show who has accessed the patient portal, to make sure your health information has been seen only by staff who are allowed to see it.

You should protect your patient password as carefully as you would protect an electronic banking password.

### Do I have to use a patient portal?

No. Patient portals are voluntary, and even if you sign up for one you can opt out at any time.

Please feel free to speak with our Reception team if you have any queries.
